The image shows a 10x10 grid for a word search puzzle. The top-left cell (row 1, column 1) contains a photograph of four bars of soap (orange, white, green, and blue) and a blue sponge on a white towel. The rest of the grid is empty, with small black arrows and dots placed at the intersections of the grid lines to indicate the starting points and directions of the words to be found. The arrows point in four directions: up, down, left, and right.
