

The image shows a scanword puzzle grid. On the left side, there is a vertical photograph of a young man with curly brown hair and blue eyes, wearing a green hooded cloak. The grid consists of 13 columns and 15 rows. Scanning arrows are placed in the grid to indicate the direction of the scan for words. Some arrows point down, some point right, and some point left. The grid is mostly empty, with a few small black marks or artifacts scattered throughout.
