The image shows a 12x12 grid used for a word search puzzle. In the top-left corner, there is a portrait of a man with short brown hair and blue eyes, wearing a grey t-shirt. The grid is filled with various symbols: small black arrows pointing in different directions (up, down, left, right) and small black dots. These symbols are placed in specific cells to indicate the starting points and directions of words to be found. For example, in the first row, there are arrows pointing down in the 2nd, 4th, 6th, and 8th columns. In the second row, there are arrows pointing down in the 1st, 5th, and 11th columns. The grid is otherwise empty, with white cells and black grid lines.
