The image shows a word search puzzle on a 15x15 grid. The top-left 5x5 area is occupied by a close-up photograph of a snake's head, showing its eyes, nostrils, and scales. The remaining 10x10 area of the grid is filled with black arrows pointing in various directions (up, down, left, right, and diagonally), indicating the starting points and orientations for words to be found. The arrows are placed at the intersections of the grid lines.
