

" "

A crossword puzzle grid is shown. The grid is 12 columns wide and 14 rows high. The top-left corner (rows 1-4, columns 1-4) contains a photograph of a red Honda Civic. The bottom-right corner (rows 11-14, columns 11-14) contains a photograph of a red Jeep Wrangler. The grid contains several starting numbers: a '1' in the top-left corner (row 1, column 1), another '1' in the middle-left (row 4, column 3), a '2' in the middle-right (row 6, column 10), and another '2' in the bottom-right (row 11, column 11). Small black arrows are placed in the grid to indicate the starting points and directions for the words.
