The image shows a crossword puzzle grid. On the left side, there is a portrait of a man with a mustache wearing a dark hat and a light-colored suit. The grid is composed of white squares for letters and black squares for empty space. Small black arrows are placed in some of the white squares to indicate the starting point and direction of the words to be filled in. The grid is 13 columns wide and 13 rows high. The portrait occupies the first 4 columns of the first 5 rows. The grid contains several black squares, and arrows point in various directions (up, down, left, right) from the starting squares.
