The image shows a 12x12 grid for a word search puzzle. The top-left 4x4 area of the grid is occupied by a photograph of a light-colored snake with dark spots. The remaining 8x8 area of the grid contains small black arrows pointing in various directions (up, down, left, right, and diagonally) to indicate the starting points and directions of words to be found. The arrows are placed at the intersections of the grid lines.
