The image shows a crossword puzzle grid. On the left side, there is a photograph of a dramatic landscape featuring a blue fjord, a steep rocky cliff, and a small red-roofed building perched on the cliff edge. The sky is overcast. The crossword grid is 12 columns wide and 12 rows high. The top-left corner of the grid is occupied by the photograph. Small black arrows are placed in various cells to indicate the starting points and directions for words to be placed. Some arrows point horizontally (right), some vertically (down), and some diagonally (down-right).
