The image shows a 10x10 grid puzzle. In the top-left corner, there is a photograph of a bunch of red radishes on a wooden cutting board, with several slices of radish nearby. The rest of the grid is filled with patterns of dots and arrows. The arrows indicate the direction of the patterns: up, down, left, right, and diagonally. The patterns consist of various arrangements of dots, some forming lines, some forming shapes, and some forming numbers. One of the numbers is '450'. The grid is designed to be solved by identifying the patterns and their directions.
