

" "

The image shows a word search puzzle on a grid. On the left side, there is a photograph of a group of women wearing traditional, colorful, patterned dresses. The grid is composed of 12 columns and 12 rows. Small black arrows are placed in various cells of the grid, pointing in different directions (up, down, left, right, and diagonally) to indicate the orientation of the words to be found. The arrows are distributed across the grid, with some pointing up, some down, some left, some right, and some diagonally. The photograph is positioned in the top-left corner of the grid, spanning the first three rows and the first four columns.
