

" "

The image shows a 12x12 grid for a word search. The top-left cell (row 1, column 1) contains a photograph of a red inflatable raft with the text "1500L AIR-RAFT" on its side. The rest of the grid is empty, with small black arrows placed in various cells to indicate the directions in which words can be found. The arrows point in the following directions: up, down, left, right, and diagonally (up-left, up-right, down-left, down-right).
