The image shows a word search puzzle. On the left side, there is a photograph of a pink cockatoo with its characteristic crest feathers, which are white with red and yellow tips. To the right of the image is a grid of 13 columns and 13 rows. The top-left cell of the grid is occupied by the cockatoo image. The remaining cells are empty, with small black arrows indicating the direction of the search for words. The arrows point in various directions: up, down, left, right, and diagonally. The grid is designed for finding words related to the cockatoo or other birds.
