The image shows a crossword puzzle grid. In the top-left corner, there is a photograph of a bird, likely a sparrow or similar small bird, perched on a rock. The grid is composed of 13 columns and 13 rows. The top-left cell of the grid is occupied by the bird image. The rest of the grid is empty, with small black arrows indicating the starting points and directions of the words to be placed. The arrows are placed at the intersections of the grid lines, pointing either horizontally or vertically.
