

" "

The image shows a crossword puzzle grid with a 10x10 layout. The top-left corner (rows 1-4, columns 1-4) contains a photograph of a durian fruit, showing its green, spiky exterior and a slice of yellow, fleshy interior. The rest of the grid is a crossword puzzle with letters and symbols indicating word placement. Symbols include arrows pointing in the direction of the word (horizontal or vertical) and dots representing empty or blocked cells. The letters are scattered throughout the grid, some appearing in pairs or groups, suggesting a specific word or phrase is being sought.
