

The image shows a word search puzzle on a grid. The top-left corner of the grid is occupied by a photograph of five children lying on a light-colored rug. The children are wearing a yellow shirt, a green shirt, a blue shirt, and a red shirt. The rest of the grid is a 10x10 grid of squares. Some squares contain symbols: a dot (.), a dash (-), or a small arrow pointing in a specific direction (up, down, left, right, or diagonally). These symbols indicate the starting point and direction of a word to be found in the puzzle.
