The image shows a 12x12 grid used for a word search puzzle. The top-left cell (row 1, column 1) contains a photograph of a hand in a white glove holding a white ultrasound probe against a person's shoulder. The rest of the grid is empty, with some faint symbols scattered throughout, including small black arrows pointing in various directions (up, down, left, right) and small black dots. The grid is composed of 12 rows and 12 columns of squares.
