The image shows a crossword puzzle grid. In the top-left corner, there is a photograph of a fennec fox with large, upright ears, looking out from a rocky crevice. The grid is composed of black and white squares. Some squares contain small black arrows indicating the direction of the words. There are some faint, illegible characters scattered throughout the grid, possibly remnants of a previous puzzle or scanning artifacts. The grid is 15 columns wide and 15 rows high.
