

" "

A crossword puzzle grid is shown, partially filled with images of a brown and red parrot (top left) and a green iguana (bottom right). The grid consists of 10 columns and 14 rows. The parrot image is in the top-left corner, and the iguana image is in the bottom-right corner. The grid contains several starting points for words, indicated by black squares with white numbers: a '1' in the top-left corner of the grid, another '1' in the middle of the grid, a '2' in the lower-middle part of the grid, and another '2' in the bottom-right corner of the grid. Arrows indicate the direction of the words: horizontal words start with right-pointing arrows, and vertical words start with down-pointing arrows.
