The crossword puzzle grid is 12 columns wide and 14 rows high. It features two flower images and two numbered starting points for words.

- Image 1:** A white daffodil with a yellow center, located in the top-left corner of the grid (rows 1-4, columns 1-4). It is labeled with a circled '1' in the bottom-left corner of the image.
- Image 2:** A pink chrysanthemum, located in the bottom-right corner of the grid (rows 11-14, columns 11-14). It is labeled with a circled '2' in the bottom-right corner of the image.
- Numbered Starters:**
 - A circled '1' is located at row 5, column 6, with a right-pointing arrow.
 - A circled '2' is located at row 11, column 1, with a right-pointing arrow.
- Grid Features:** The grid consists of black squares and white squares. Small black triangles are placed in the center of the grid lines to indicate the direction of the words. For example, a downward-pointing triangle indicates a vertical word starting from that square, and a rightward-pointing triangle indicates a horizontal word starting from that square.
