The image shows a crossword puzzle grid. The top-left corner features a photograph of a bird of prey, possibly a falcon or hawk, in flight with its wings spread, perched on a rock. The grid is 15 columns wide and 15 rows high. Black squares are placed at various intersections to define the puzzle's structure. Small black arrows are placed at the beginning of each word's starting square, pointing in the direction of the word (up, down, left, or right).
