

" "

The image shows a 12x12 grid puzzle. The top-left 4x4 area (rows 1-4, columns 1-4) contains a photograph of a white lighthouse with a red roof on a rocky island. The rest of the grid is a word search template. Asterisks (*) are placed in specific cells to indicate the start of words. Small black arrows are placed in adjacent cells to show the direction of the word: up, down, left, or right. For example, in row 1, column 1, there are 3 asterisks in a vertical line, with a downward arrow in row 2, column 1. In row 1, column 2, there are 3 asterisks in a horizontal line, with a rightward arrow in row 1, column 3. The grid is 12 rows by 12 columns.
