The image shows a 10x10 grid puzzle. On the left side, there is a photograph of three yellow root vegetables, possibly rutabagas, with green leafy tops, resting on a wooden surface. The grid itself is composed of 10 rows and 10 columns. Each cell in the grid contains either a pattern of dots or an arrow. The dots are arranged in various shapes, including horizontal lines, vertical lines, and more complex patterns. The arrows are small black triangles pointing in the four cardinal directions (up, down, left, right). The puzzle is designed to be solved by identifying words that fit the patterns of dots and arrows.
