The image shows a crossword puzzle grid with a world map in the center. The grid is 12 columns wide and 12 rows high. The world map is centered in the grid, showing continents and oceans. The grid contains various patterns of asterisks and arrows indicating the placement of words. The arrows point in the direction of the words. The asterisks are arranged in a way that suggests the words to be placed. The grid is divided into sections by the map and the asterisks. The map is a standard world map with labels for continents and oceans. The asterisks are arranged in a way that suggests the words to be placed. The arrows point in the direction of the words. The grid is divided into sections by the map and the asterisks.
