The image shows a 10x10 grid for a word search puzzle. The top-left 5x5 area is occupied by a photograph of a wolf pack in a forest. The remaining 5x10 area is a grid of empty cells. Small black arrows are placed at the intersections of the grid lines to indicate the starting points and directions for words. The arrows point in the following directions: down, right, up, left, and diagonally (up-right, up-left, down-right, down-left).
